Professional Summary

Front-End Developer with 1+ year of hands-on experience in developing scalable Angular web applications. Skilled in building Single Page Applications (SPA), integrating RESTful APIs, and transforming UI/UX designs into interactive web interfaces. Strong focus on performance optimization, responsive design, and clean code practices. Proven ability to collaborate in agile environments and deliver projects that meet business requirements.

Technical Skills

- Languages & Frameworks: HTML5, CSS3, JavaScript (ES6+), TypeScript, Angular (v16), RxJS, Angular CLI
- Version Control & Deployment: Git, GitHub, Vercel, Netlify, Firebase
- API Integration: RESTful APIs, JSON
- UI/UX Tools: Figma, Adobe XD
- Development Practices: Responsive Design, SPA Development, Agile/Scrum, Cross-Browser Compatibility

Professional Experience

Freelance Front-End Developer

Self-Employed | Jan 2023 – Present

- Built and deployed multiple Angular-based SPAs for e-commerce, portfolio, and service websites.
- Integrated RESTful APIs to manage dynamic data and improve user interactions.
- Transformed Figma/Adobe XD designs into fully functional web pages with pixel-perfect accuracy.

- Implemented responsive layouts ensuring compatibility across devices and browsers.
- Managed version control with Git, and deployed live projects via Vercel, Netlify, and Firebase.
- Communicated directly with clients to gather requirements, deliver solutions, and provide technical support.

Selected Projects

- Learning Academy SPA

Developed a full e-commerce front-end using Angular & Firebase for authentication and hosting.

[Live Demo]

(<https://elmullim.com/>)

- Salior App SPA

Built a responsive personal portfolio with Angular showcasing projects and services.
