Professional Summary

Front-End Developer with 2 years of hands-on experience in building responsive and user-friendly web interfaces. Skilled in HTML, CSS, JavaScript, and Angular, with a strong focus on performance optimization, cross-browser compatibility, and scalable design solutions. Adept at transforming design prototypes into fully functional applications and collaborating effectively in team environments and freelance projects. Skilled in HTML, CSS, JavaScript, and Angular, with a strong focus on performance optimization, cross-browser compatibility, and scalable design solutions. Adept at transforming design prototypes into fully functional applications and collaborating in team environments.

Work Experience

Front-End Developer

Freelance / Self-Employed | Jan 2023 – Present

- Developed and maintained multiple responsive websites and single-page applications (SPAs) for clients using Angular, HTML, CSS, and JavaScript.
- Integrated RESTful APIs and handled data binding efficiently within Angular components.
- Applied best practices in performance optimization and cross-browser compatibility.
- Collaborated with designers to implement pixel-perfect UI components from Figma and Adobe XD designs.
- Worked with Git for version control and deployed projects on platforms like Vercel and Netlify.

Technical Skills

Delivered over a dozen responsive web applications and landing pages for clients in different industries using Angular, HTML5, CSS3, and JavaScript (ES6+).

- Built scalable single-page applications (SPAs) using Angular standalone components and reactive forms.
- Consumed and integrated RESTful APIs, handled dynamic routing, and managed state efficiently.
- Optimized performance and ensured cross-browser compatibility for all delivered projects.
- Collaborated with UI/UX designers using tools like Figma and Adobe XD to implement pixel-perfect designs.

- Used Git/GitHub for version control and deployed projects on platforms such as Vercel, Netlify, and Firebase.
- Maintained communication with clients, gathered requirements, and provided technical support post-deployment.

Certifications

- Front-End Web Development Certificate | Root Academy (2022)
- JavaScript Basics | Online Certification Platform (e.g., FreeCodeCamp, Udemy)

Soft Skills

- Effective Communication
- Time Management
- Team Collaboration
- Problem-Solving

Additional Interests

- Exploring new front-end libraries and tools to stay updated with industry trends.
- Learning back-end technologies to expand full-stack development capabilities.

Languages

- Arabic: Native
- English: Very Good

Education

Bachelor of Civil Engineering

15th of May Institute, Egypt | Graduated: 2022
